Dear EPA/DNR:

I know we are still waiting to hear if Dan Schaufelberger can join this suggested 9 a.m. conference call for Monday. However, on the assumption he can, I thought it prudent to send this invitation out for the call at 9 a.m. since the scheduled startup of the GAC may occur as soon as Wednesday.

Here is the suggested agenda for the call on Monday:

1. Root Cause Analysis
 - a. Status
 - b. Timeline for final report
2. GAC Status.
 - a. Describe new monitoring systems
 - b. Expected startup
3. Next Steps.

Kevin:

I know 9 a.m. was not good for you; however, Phil indicated he would be available at this time.

Maria and Dan:

Hope you can make the call.

Best regards,

Art
